Perversion of Christian churches ushered in

## A WORLD-WIDE APOSTASY

### Coming of the Anti-Christ

By FRED FARREL

In the May 24, 1971 issue of *Christian News* Rousas J. Rushdoony says:

"An age without faith and the leadership of faith is like a rudderless ship. It will be driven by every current and is destined for shipwreck, unless it is repaired and given direction.

"The central failure of the modern age has been the failure of the churches. In the United States, as nowhere else in the world, the culture should be dominated by the churches. The majority of Americans are church members. If we eliminate those who are modernists, we must still recognize that thirty to forty million Protestants claim to be evangelicals who believe the Bible is the infallible word of God. No other group in America, however, has less impact upon the national life. The Communists, who are less than one per cent of the population exercise a deeper influence. But that is not all. The more this Protestant evangelicalism is 'revived,' the more irrelevant it becomes. The deeply rooted antinomianism of its pietism has made it unable to work effectively in society. It has become

Scene depicting the Blessed Virgin appearing to three shepherd children at Fatima, Portugal, in one of many apparitions at which they saw the Mother of God. Had the Church complied with the request of the Mother of God on these occasions, there would have been no World War II, no Korea, no Vietnam, and no communism.

If the Church had revealed the Third Secret of Fatima at the appointed time, the way would have been paved for the rebirth of Christianity and the final realization of Christian unity, for the Third Secret contained in part, God's own plan for reforming and regenerating His church. The Third Secret was not revealed in complete disobedience to the Mother of God, consequently Christ is continuing His church through the Apostles of Infinite Love, St. Jovite, P.Q., Canada.

Let us dismiss out of hand the anti-Semitic stereotype which holds that the Jews are some sort of "supermen." Actually, the Jewish religion is just as decadent as Christianity, and vice-versa. We don't have to take the word of anti-Semites for this. The talented and sensitive Jewish scholar Moshe Menuhin has done a beautiful job of it in his book *The Decadence of Judaism*. Judaism is dying. So is contemporary Christianity. It is a close rat race between them, as to which is the most degenerate, the most utterly corrupt, the most completely faithless and worthless. In their time of decadence, Christianity and Judaism have joined hands covertly. Now that they have nothing but filth and corruption to give to the world, they band together, so that they may corrupt the souls of men more efficiently.

The death of religion is reflected in the political world. The political battles of our time are false and futile, because they are the battles of a dying civilization which has forgotten God. Many false "idealisms" parade themselves before our eyes. There is no such thing as a "materialist idealism." Nothing is more utterly futile and false than the pseudo-battles which rage between "Right Wing" and "Left Wing." Our experience with a hundred years of Right-Left politics indicates that neither the Right nor the Left ever goes marching in shining triumph to a "great victory." Rather, the Right and the Left rise together and fall together. When they fall, society itself falls. The Right-Left system is utter and total falsification and corruption. The masses have been trained by the Jew-owned popular press to think only in terms of "Left" and "Right." Thus they have been deprived of the ability to think freely at all. As long as they can be held to this way of thinking, they will be in hopeless slavery to the Jews. The Right and Left leaders both work hard at the same trade, the business of holding the mass mind within this narrow range.

### An Establishment Revolution

The revolution which racks America is

presently oriented and experimental. Its answer to problems is not the application of God's law-word to man and society but instead a yearning for more emotional experiences and supposedly charismatic manifestations. Such experiences have been pursued to the point of the demonic."

### Stripped of Religion

The American white majority has been stripped of its religion, along with its political power, its culture, and its character. Last of all they will be stripped of their material goods. Already they are in the process of being sold into slavery to the racial minorities. This could not have been accomplished without the complicity of their own clergy and other leaders. The enslavers and destroyers are a conspiracy composed of Jewish and Gentile leaders. The Jewish leaders at least insisted upon gaining advantages for the Jewish masses; but the Gentile leaders sold the masses of their own race down the river without a qualm. In this respect, the Jewish leaders were superior to the Gentile leaders. The Jewish leaders were at least loyal to their own people, although hostile to all others. The faithless Gentile leaders felt no sense of solidarity at all with the Gentile masses. They allied themselves to the Jews against the masses of their own race.

"The heads, the leaders of the people of God, have neglected prayer and penance, and the devil has darkened their intelligence." — *Our Lady of LaSalette*.

an establishment revolution, sponsored by an evil ruling class. The professional anti-Communists always try to swindle us into believing that it comes from "Red Russia." They do this to divert our attention away from the evil and corrupt American-Jewish ruling class which is destroying the nation to serve its own selfish interests. When Congress enacted the Civil Rights Law, the anti-Communists cried "Red Russia!" When the Supreme Court ordered school busing, the phony anti-Communists tried to swindle us into believing that "Red Russia" had done this thing.

The Negroes were just as much victims as the whites! This is the cruelist thing whites have ever done to Negroes in America. The Negroes have been deceived and led to believe that they are on the way to some great new glory, when in fact they are only being sold back into slavery. God knows, I am a white racist of the ultimate kind. I would have outlawed the importation of Negroes absolutely. Still, we high-class Aryan gentlemen have a strong sense of *noblesse-oblige* toward the "Lesser breeds without the Law." From us they will hear the truth; from the white Liberals, they will get nothing but lies. Already Negroes are beginning to complain that the promises of

(Continued on Page 2, Column 1)

the white Liberals were insincere. What did they expect? Expecting to find probity among the white Liberals is like expecting to find virtue among the inmates of a whorehouse. The American Negro is destined to learn that the decadent Jew-ruled white civilization is a meat grinder, and instead of the integrated Utopia he will end up in the integrated mushroom cloud.

The Liberals fool the Negroes; the Conservatives fool the whites. There is no honesty in either the Liberals or the Conservatives. We are constantly being called upon to admire this or that "Conservative Candidate" for office. If elected to office, he will do exactly the same thing a Left Winger would do. American political parties have become merely a branch of show business, like our churches. They have nothing to do with the way in which real power is exercised. They are for amusement only! A Presidential election is an exercise in futility.

### Not a Political Battle

The real battle will not be a political battle. It will not be between the Right Wing or the Left Wing. It will not be between Catholics and Protestants. It will not be between Christians and Jews. It will be a religious battle of the ultimate kind. It will be the battle between Christ and anti-Christ. This battle cannot be settled by arguments or debates or elections. Some day, somewhere there will be a battlefield, where the issues will be settled by **blood and iron!** The issues of the world today are only of two kinds:

“ . . . where religion exists it is easy to introduce armies and discipline, but where there are armies and no religion it is difficult to induce the latter.” — Machiavelli,

Military and Religious. The Right-Left battle is obsolete.

The American-Jewish ruling class, while howling mightily about "Red Russia," has brought off a thoroughly **Red Revolution** in the United States. This is the Scarlet Woman, the sorry bitch described by St. John in the last book of the Bible. In her hand she holds a golden cup full of the wine of the wrath of her iniquity. Truth and righteousness are not to be found in her. All of the Right Wing leaders praise her virtue, but they know that she is a whore! She is beyond redemption.

In this corrupt civilization the anti-Christ begins to thrive. Ted Armstrong sweetly croons the message of the anti-Christ over a hundred radio stations. His slick magazine carried a picture of Golda Meir on the cover. He praises Israel. His budget last year was \$33,000,000. Where did the money come from? He never asks for donations. If you want to meet the anti-Christ, listen to Armstrong. He promises a "Wonderful World Tomorrow." This is the false promise, the promise of peace and prosperity, which will hook the hell-bent masses and keep them traveling on the well-paved road which leads to perdition. The anti-Christ comes in religious disguise. The so-called "churches" of today are vehicles for the anti-Christ.

### Destroy Family Life

They hold the American white majority in abject slavery. Their organized plan to destroy family life is simply an old slave trader's trick. Slave traders always break up families, to deprive individuals of the mutual support they would have from close blood kin. The corrupt Right Wing leaders deliberately and wilfully lead the American white majority to defeat. Their business is to lead and limit the opposition. There are a few honest men who have blundered into this crowd by mistake, but no honest man belongs among the corrupt leaders of the Right Wing today. They ruthlessly help to hold us in slavery to the Jews, although they parrot a few "anti-

## From the Will of Patrick Henry

"I have now disposed of all my property to my family. There is one more thing I wish I could give them, and that is the *Christian* religion. If they had that, and I had not given them one shilling, they would have been rich; and if they had not that, and I had given them all the world, they would be poor."

Semitic" slogans now and then. They are always eager to fight the Jews far away in Russia, but never in the U.S.A. These Right Wing leaders are the product of a washed-out apostate religion. They will never allow the development of any power in their movements which might ever release the American white majority from the Jewish masters.

The Jews need not flatter themselves that they are doing well. They have been chosen for their role, not because they are smart, but merely because they are a minority. Their decadent religion is on its last legs. Their sterile **fellaheen** culture is an empty shell. Their stupid and corrupt ideologies are quite incapable of holding the world in thrall.

W. Cleon Skousen has "exposed" the so-called "Naked Capitalists." Still, his book is misleading. The "Naked Capitalists" are not supermen who are taking over the world. They are a rich, decadent rabble on their last legs. They are being defeated around the world. There is quite a lot of lying about this in the Right Wing press. There is a tendency to represent the Russian rulers and the American Jews as being in cahoots with each other. The plain fact is that the Russian rulers absolutely will not accept the American-Jewish ruling class as partners in the rule of the world. The Russian rulers are called "Reds," but they are not Red enough to be willing to associate themselves with the likes of Nixon and Kissinger. The Russians are beastly at times, but the Whore of Babylon is quite too much for them. The Russian rulers and the American Jewish rulers are on a collision course which will lead to World War III in the near-term historical future.

Our loud-mouthed anti-Communists always strive to create the impression that somehow they are "fighting Russia." This is preposterous. If you want to fight Russia, you will find that the Russians are a pugnacious lot. They will fight you. If you want to fight them, you have to do it the way Napoleon did it, and the way the German Wehrmacht did it. In fact, you lost your last chance to fight Russia back in the 1940's. The German Wehrmacht carried the banner of the West for the last time. The battle of Stalingrad finished Europe as a center of military power. Our beautiful dreamers in American Conservatism prattle about "anti-Communist Germany" and dream of an alliance with Germany to "stop Communism." Do you think that the Germans would ever ally themselves to this dirty Jew-ruled whorehouse of America? In World War II we bombed Dresden and killed 250,000 people while they fought **your battles and lost!** In World War III Germany will be allied to Russia. What has Jew-ruled America ever done for Germany, except help with the Israeli robbery of Western Germany and station black troops in Germany in the effort to encourage race mixing?

### Religious Battle Coming

The next real battle will be the **religious** battle. In this battle, we can expect no support from the dying so-called "churches" of the old order. They are merely the maggoty corpses of dead faith. They add their stench to the stench emitted by the maggoty corpse of dead Judaism. The morons and quacks who pose as intellectual leaders in this dead system are incapable of any truth, of any honesty, of any goodness, of any victory. They scream for the unlimited fulfillment of their undisciplined desires, but what they really need is destruction. Their spiritual misery has reached the point which drives them to suicidalism, to a desire to die in order to be out of their pain. Only the flames which will consume this worthless and corrupt rabble can ever relight the moral and spir-

itual hopes of Humankind. The good man will disassociate himself from the decadent rabble who have dominated our civilization for the last hundred years. He will disassociate himself from the Right-Left political system, from the apostate churches, from the Judaized culture. He will know why a great destruction must soon sweep around the world; the world Babylon has become so corrupt that it must be purged by the cleansing atomic fires.

The most corrupt thing of all is the Right Wing. They claim to represent decency and legitimacy. Why, then, do they always betray us to the Jews? How do they account for the fact that the millions of white Americans squirm helplessly in the grip of a tiny minority? In fact, the Jews could not rule America without the Right Wing which channelizes us always to self defeat. The Jews gloat that it is "too late" for us to escape their oppression; they say that their hold on us is firm. This is true **within the structure of the old bourgeoisie order.** To the high-class Aryan this does not mean that we will have to submit to Jewish rule. It means that the bourgeoisie order will **HAVE TO GO**, and when we say **go** we mean **go** and we don't mean something else. We would see half the world put to fire and sword before we would ever submit to the Jews. They can dominate the hell-bent masses who have no will; **but it is our will which will be decisive**, the will of high-quality people with real faith, real character, real integrity, people who will not accept empty-headed slogan-shouting in lieu of real action, people who will not accept apostasy in lieu of real faith, people who will reject **The Great Harlot** in all of her infamous glory and corruption.

“ . . . the observance of divine institutions is the cause of the greatness of republics, so the disregard of them produces their ruin; for where the fear of God is wanting, there the country will come to ruin . . . ”

— Machiavelli

### Walls Come Crumbling?

The time has come to **declare war** upon the anti-Christ! We must write off the American Right in this battle. They will never fight in any real battles. They will only gallop in their sheeplike herds after any silly quack who promises them the unlimited fulfillment of their undisciplined desires, to be obtained by uttering magical formulae. Our anti-Communists, for example, want to duplicate the trick which Joshua pulled on the walls of Jericho. They want to march around the Kremlin three times with the Holy Ark, probably obtained from Carl McIntire's new Jewish temple in Florida. Then they will blow three blasts on the ram's horn, and the walls of the Kremlin will collapse. Since they do not have the guts or the character to fight Russia the hard way, as the German Wehrmacht did while American planes bombed German cities, they want to accomplish the downfall of Russia by black magic, slogan-shouting, bombast-flinging and mythmaking. It is a mistake for any honest man to spend his time of day among this brainless and gutless rabble. The reason for their collapse of character is their religious and spiritual breakdown. Nothing this rabble can merely "do" will ever save them. In order to survive, there would need to **BE** a different kind of people. As of now, they are unfit for survival, and, for the matter of that, are a liability rather than an asset to the world. As the great battle of faith begins, we should regard this worthless rabble as expendable. They are traveling fast on the road to Hell! Maybe Hell is the right place for them; in any case it is clearly where they want to go, so we will have to let them go.

We advise the Jews not to get excited over the prospect of ruling the world merely because they are so easily able to dominate this hell-bent rabble. **There are those of us who will know how to stop the Jewish power drive.** Ben Gurion was wrong. There will be no "World State with a World Court in Jerusalem."

# Right Appeal to Left

The following article, written by Mary Davison, a nationally known authority in these matters, represents a bold new step proposed as a possible solution to the menace of the "RIGHT-LEFT" racket. This sounds intriguing. Perhaps the sincere leaders of the Right and Left, should explore their areas of agreement and disagreement, and decide on what they can agree upon as a basis for mutual cooperation. They could then unite and by concerted action break the back of the Invisible Government which completely controls both RIGHT and LEFT. Because of this fact, the endeavors and "battles" of both have become so many exercises in futility, and, for this reason, both wings have suffered 50 years of perpetual defeats. — Editor.

By MARY DAVISON

This letter is addressed to about one hundred university class presidents and campus editors. It is a plea from the "Right Wing" to the "Left Wing," from the old to the young — for reconciliation and understanding. Why not a Peace Conference, that we may re-examine our thoughts and our prejudices? Perhaps we have been wrong in some of our estimates.

I have learned from a very rewarding personal experience that there is an unsuspected area of agreement between Left and Right, and the points of agreement seem to me to be extremely significant. Upon my invitation, the local leader of the Left came to visit me — I am a semi-invalid. I had listened to her remarks on a radio talk program. We agreed on so many matters that a firm friendship has developed. I hope our points of agreement will interest you:

1. We both oppose the draft. The Right has always opposed it on Constitutional grounds.
2. We both oppose the Vietnam War and any other wars, unless we are attacked.
3. We both agree that wars have always been created by the wealthiest men in the countries involved — not only by munitions makers, but also by the bankers, who arrange the financing.
4. We agree that the news media and the educational systems have been sabotaged. Two full generations have been taught things which simply ARE NOT TRUE.
5. We agree that the Establishment and the System, which we believe are not exactly the same thing, are so thoroughly corrupt that they cannot be reformed. A new order must take over.
6. We agree on Capitalism, although we have different interpretations of the term. We are trying to fight the same men, but at the same time we argue with one another.

My friend and I agree that it is the extremist of either side who makes the noise. We agree also that a complete understanding of the monetary system is necessary to any understanding of the balance of our problems.

The American producers, both capital and labor alike, turn out so much in a working lifetime that we should have a truly abundant and debt-free life IF we were permitted to retain our earnings for ourselves, our families and such charities as we might desire to support, whether at home or abroad.

But the economic system we have known in the past century is finished. It has been plundered by men who have never produced anything, but who have waxed fat on the earnings and production of others. They have bribed us with our own money, and have protected themselves in their exploitation by making Foundation "grants" to professors and universities, who in turn taught what was in the interest of their "benefactors," regardless of truth or fact.

The subject on which these exploiters wish to avoid discussion is the monetary system — the manner in which money is created and distributed. Abraham Lincoln and the late

John Nance Garner both stated emphatically that if the American people ever learned of this system, there would be immediate revolution. Two Chairmen of the Banking and Currency Committees of Congress have worked and warned against it for years. Their words have gone unheeded. Now the system has collapsed. It cannot be reformed — it must be replaced.

At this time the very men who managed this disaster are making a determined effort to establish another system, where the looting will continue on a world-wide basis. This is the heritage three generations of producers leave to the young, who might, if prepared by knowledge and truth, take steps to manage it. It is a necessary first step in taking part in government.

Recently a liberal group of influential Members of the U.S. Senate, led by Senator Frank Church of Idaho, came to an astounding realization. During debate on the foreign aid bill, Senator Church discovered that two years ago Congress had granted a Charter for a Corporation known as the Overseas Private Investment Corporation. Its purpose was to guarantee American investments overseas against loss, with the taxpayers paying the premiums on the insurance (25 million dollars per annum) and picking up the tab for losses in excess of OPIC ability to pay. The Senator pointed out that the seizure of American properties in Chile, numbering 27, only two of which have gone into the process of negotiation, found the resources of OPIC woefully short of payment requirements.

Subsequently it has been revealed that this type of operation had been going on for 20 years, with the super-secret Agency for International Development paying off the runaway American investors. It was also disclosed that OPIC had set up subsidiary corporations, which were engaged in loaning money to the super-rich investors, as AID appears to be going out of business. We believe this explains why such investors as Rockefeller, Seligman, Guggenheim and the National City Bank accepted expropriation of their Cuban properties with such magnanimity. They could have prevented the confiscation — one word from them would have stopped it. Instead, one of their agents, Herbert Matthews of the New York Times, was sent to Cuba to guarantee the success of Castro. And upon the occasion of Castro's first triumphal visit to the United States, he visited and addressed the organization in New York which had sponsored the Cuban mission of Mr. Matthews.

Congressman Passman of Louisiana has been making very serious charges against the Agency for International Development. Finally, in self-defense, the Agency has assured Congress that they have not spent all the money appropriated — that there is in fact between 15 and 18 BILLION dollars in the "pipe-line." Some folks profess to believe it, and some do not. Whatever the truth is, the money belongs to your generation. It is your heritage, which my generation has handled so carelessly.

## Right Wing "Power Machine"

50 Years and NO PROGRESS  
Maybe It's the "MACHINE!"

Just before Congress adjourned, it was discovered that in addition to building the "infrastructure" for the investments of the runaway U.S. corporations, the OPIC had gone into the loan business in cooperation with the Export-Import Bank and were then processing loans for some of the largest conglomerates in the world. For the purposes of the loan angle, OPIC had organized an affiliated branch or two. The Congressional Record of Dec. 15, 1971, page E-13504, tells of the Private Investment Co. for Asia, and lists the American directors:

Eugene Black — Vice President, Rockefeller's Chase Manhattan Bank; Emilio Colado, Executive Vice President, Standard Oil Co. of New Jersey.; Mark O. Feer — partner, Kuhn, Loeb & Co.; Jacques G. Maisonrouge — President I.B.M. World Trade Corp.; George S. Moore — Chairman of the Board, First National City Bank; Stanley de J. Osborn — partner, Lazard Freres & Co. and Rudolph A. Peterson — Chairman Executive Committee, Bank of America.

This sort of hanky-panky has been going on for the best part of this century, and is the reason that the producers have nothing but **debt** while the speculators, thieves and politicians live like kings.

If the Left Wing and the Right Wing ever get together, it will have to be on the basis of self-interest, and that self-interest must be based upon provable facts. None of this has anything to do with "Communism." It is basically **economic** — a fact realized at the turn of the century when economics students from Harvard organized the Intercollegiate Socialist Society for the purpose of overthrowing the government and disposing of the "Wolves of Wall Street." The movement enjoyed tremendous success until the wolves, completely terrified, sent an agent through the universities, recruiting the best brains of the I.S.S. for service to Wall St., government and education. The wolves now control all three. Their lineage can be traced without a break from Upton Sinclair to Dean Rusk and Secy. of State Rogers.

Rebelling students have realized that the people — the **voters** — have nothing to do with the **SELECTION** of candidates for the Presidency. They need to know just how the selection of candidates is made and who makes them.

There is a small (1450-member) and very select organization with headquarters in New York City where the candidates are selected for both major parties! This is the Council on Foreign Relations. They usually select from their own membership. Those selected will be polished up by the news media, which the C.F.R. also controls, and offered to the voters on election day. In 1960 all candidates except Barry Goldwater were members of the parent organization, and he was a member of an affiliate — the National Municipal League. Of the present crops of hopefuls, only Humphrey, McClosky and President Nixon are members whose names appear or have appeared in their annual reports. Eisenhower and Kennedy were members, but their names were not published during their terms of office. The 1952 report explains that the name of the President is not carried in their reports during his term of office.

The names of C.F.R. members involved in policy making and military action in connection with the Vietnam War indicate the influence, if not the actual responsibility for that war:

Dean Rusk, Robert McNamara, Averell Harriman, Henry Cabot Lodge, Gen. Maxwell Taylor, Gen. Edwin Lansdale, General Westmoreland, and Ambassador Ellsworth Bunker.

I have written a booklet dealing with the various phases of C.F.R. influence in government and war. It is not by any means a professional job, but it was written for the youth of the country, and will be mailed **FREE** to any one who requests it!

# Sleeping Americans Guilty in 50,000 Vietnam War Murders !

By JOHN STEINBACHER

The Ghosts of 50,000 American dead walk the streets of America tonight, their spectral presence crying in vain for redress of their grief. An American president, Richard Milhous Nixon, has surrendered to the enemy who killed them, in the flower of their youth, in a distant land to which our government sent them.

No amount of rationalizing, of apologizing, of hypocritical rhetoric can change this one stark, horrifying fact. America's war dead died for nothing. They did not die to save the world from Communism — as their leaders had told them — nor did they die to save America as the last hope of freedom.

The dead Americans, trundled back to lonely graves on their native soil, died to insure the success of Communism around the world.

That is the message of Richard Nixon's love affair with the enemy who provided the guns and bullets to shatter the flesh and bones of America's young in South Vietnam and Korea.

Yes, those young men, the nation's finest men, gave up their lives before they had a chance to begin to live because our elected leaders told them they were going to save the South Vietnamese from Communist oppression.

Now, after more than 50,000 of these gallant heroes have died, their President, in the gravest betrayal in all American history — if not, in fact, the greatest betrayal in the history of the world — is sitting down to dine with the very enemy who laid them in their premature graves.

Where are the outraged mothers and fathers of America? Where are the millions of veterans who fought wars of their own and who came back to a land of freedom? Where are the voices of the men who fought at Bastogne, at Chateau Thierry, at Normandy, at Iwo Jima? Are there no brave men left in this land? Are there none who can muster the courage to stand tall and shout, ENOUGH?

Where is the American Legion, the Veterans of Foreign Wars, the score of veteran organizations in this hour of national shame and eternal disgrace? We hear no cries from the men who fought World War II to ensure that freedom would survive in the world. Instead, we must listen for the ghostly voices of those who have died — because only they know the ultimate sacrifice, the ultimate outrage, the bite of the bullet into flesh, the searing, tearing, life stifling finality of it.

If the living will not stand up and protest, perhaps only the dead can have the courage, the outrage to cry aloud to all the world: "We have been betrayed, we have died for nothing — and our fellow countrymen care nothing that their elected leaders have sent us blindly and loyally to a death we did not deserve."

What about it America? Are you prepared to face the consequences of your own ultimate immorality, the slaughter of your own children by your "respected" national leaders in purposefully no-win wars in order to advance the cause of slavery around the world — the political chess game, with your sons as the real live pawns?

If you are ready to accept the consequences without a murmur, without a protest, without an angry demand that those who committed the crime of murdering 50,000 of your young be made to pay for their crime, then you no longer deserve to survive either individually or as a nation.

If you, fellow American, can look in your "guilt"-edged mirror in your mortgaged ranch house and say that all is well, then this greatest of all nations has reached the end of the road — it is condemned by your own actions to sure and certain death.

Can you wonder that Your Young have "turned off" of America and all its hopes and dreams when they see their parents accepting the deaths of 50,000 of their fellow youngsters without a complaint, without a

murmur, without a demand that justice be done to those American "leaders" who have brought this nation to this sorry state?

Fellow Republicans, fellow Democrats, fellow Independents — where do you stand? The dead wait in vain to hear your voices! They wait in vain to hear your protest! They wait in vain to see your action! They wait in vain for you to put aside hypocrisy and false rhetoric! They wait in vain to see you and your fellow Americans rise as one to put a stop to surrender and retreat in the face of the most vicious enemy in our history!

Fellow American, the voices of your 50,000 dead in Vietnam condemn you — in the stillness of night in your small American town or your teeming city. The voices of your dead sons warn you — no nation can survive that turns its back on those who have fought and died for it.

And the voices of your imprisoned sons and brothers cry out from the hell of a Chinese or North Vietnamese prison — but those voices find few ears willing to hear, so busy are you, fellow American, at your local bowling alley, at your bridge club, at your night club, at your local bar, at your country club, yes — and even at your local church or PTA meeting.

No nation can survive the ultimate immorality of those who turn their backs on their own war dead — and America has done just that.

No nation can survive YOU, fellow American, because you are betraying the last best hope of earth by your apathy, your concern with affluence, your search for fleshly pleasures, your greed and your selfishness.

No nation can survive a people who vote into office those who murder their sons in purposefully no-win wars.

## VICTORY DENIED

By ARCHIBALD E. ROBERTS,  
Lieutenant Colonel, AUS, Retired

Every patriot should read a copy of *VICTORY DENIED*, the book which precipitated a national campaign to challenge the unconscionable policy of "Perpetual War for Perpetual Peace," and we hope that you will want your friends to read it, too.

Historically significant and politically provocative *Victory Denied* has been read by nearly a quarter of a million Americans.

It is chillingly apparent that a bewildered nation is being conditioned to commit her blood and treasure to another United Nations "No-Win" war "to defend America against Communist aggression" in the Mideast.

If the facts about U.N. control of U.S. military forces are to reach a significant number of citizens to prevent another Vietnam, the small band of informed patriots, of whom you are one, must undertake the mission of public education and leadership in this crisis.

Your decision in the time it takes to read this notice will tell whether or not we will continue to march blindly toward an Orwellian, 1984, animal farm and national oblivion . . . or, if Americans will rise up and reject the doctrine of defeat and defend their heritage.

## BEHIND MURDER OF LIN PIAO

The Nixon-Kissinger visit to Red China was preceded by bloodshed. "Nixon" went to China to cement the "Third World" alliance of Jewish and colored nations against the white nations of the world, including Russia. The mission failed. Lin Piao was eager to jump at the Jewish bait; but Lin Piao was murdered at an airport. Chou En Lai gave Nixon a conversation but not much else. Chou En Lai is not too eager to tie China to the Zionist chariot wheels. The U.S.A. and Israel are becoming more and more isolated in a hostile world. Our Taiwan observer sends this information about Lin Piao. — Editor.

The costly, noisy and showy last political trick of the Tricky Dick resulted so far in only two visible assets: a pair of giant pandas which he got as a present from Chou En-lai, and the fact that the distinguished visitors could ascertain themselves that Lin Piao, Chairman's "Best Friend and Heir-Apparent," is really down and out. . .

Moreover, it was discovered that Lin Piao's "Introduction" to the world-famous Mao's Red Book was deleted from its last editions.

Years ago, when Stalin's "Best Friend and Protector" Lavrenty Beria liquidated his boss and was, in turn, shot later by Marshal Joukov's soldiers, it took lots of time and trouble to erase from the Soviet books and periodicals all laudatory passages published there about that abominable Georgian Jew.

The poor editors of the Great Soviet Encyclopedia had to print a special article about Behring Sea which was mailed to all known owners of that Encyclopedia with the instruction to cut off the offending pages about Beria, and to replace them with those of the Sea.

But now Peking is confronted with a far more complicated problem.

Mao's Red Book with Lin Piao's foreword was published in untold millions of copies. It can be found not only in every hut in Red China, but all around the world as well as translated into different languages.

Many Chinese eager beavers, to show their zeal and adoration of both Mao and Lin Piao, learned that booklet, foreword including, by heart, and can recite verbatim passages from it suitable to any given occasion.

It is quite certain that an order was already issued to tear off Lin Piao's lines from the booklets, and to destroy those dangerous pages immediately.

But what to do with the men's memories? THAT is the question! All water of the Behring Sea would not be sufficient to wash out the words of Lin Piao from the brains of millions and millions of persons who read and re-read that book most diligently.

The most radical — and logical — solution would be to shoot down all those who have read this Red Book in the past — but WHO would then remain to study its new editions?

Frankly speaking, we are at loss what should be recommended to erase Lin Piao's name from the books, posters, magazines, brochures — and human memories . . .

Perhaps the "Wise Man of Zion," Dr. H. Kissinger, being much more clever than we, during his visits to Peking helped his new friend Chou En-lai to resolve this vexing problem.

### CHANGING TIMES

"Before his departure to Peking, President Nixon asked the American people to PRAY together with him for the success of his mission." (Newspapers).

There is no question whatever that the same hand which had paid thirty shekels of silver to Mr. Judas Iscariot some two thousand years ago had to deal recently with a modern Judas Iscariot, Mr. Richard R. Nixon, for his mission of betrayal of his nation, principles and friends. But certainly the stakes were much, much higher.

But the "technique" of betrayal changed with the ages: the first did it with a KISS, and the second with a PRAYER . . .

History will remember "Nixon's Prayer" as it remembers "Judas' Kiss!"
